

An all-in-one communication system for schools that saves time and money.

- ✓ Centralize everything.
- ✓ Reduce your workload.
- ✓ Go paperless.

Industry Norms

20 communication tools used per school.

2 hrs per month to manage each tool.

50 hrs per school, per day spent on paper management.

\$2000 per month spent on paper/printer/postage services.

Stop spending hours dealing with piles of paper and messages that don't get read.

Reduce your staff workload by 80% with an all-in-one communication, student information & school management system.

Social Groups

Forget email lists, make private groups for simpler and better info sharing.

Paperless Administration

Go green and save time with digital forms, reports, newsletters, surveys, etc.

Digital Files & Records

Files are organized for you automatically and searching for what you need only takes seconds.

Guaranteed Messages

Message delivery is guaranteed and recorded so you know if and when information was read.

Parent Engagement

Create an appropriate place for parents to connect with staff and each other, on your terms.

Scheduling Automation

Events and schedules are a breeze with synchronized calendars & an automated appointment system.

Online Payments

Great for registration, trips, membership fees, merchandise and fundraisers.

Full Support

Email or call our support team and we'll walk you through any issues, we're here to help!

PTA

active 21 hours, 30 minutes ago

Dates, details, discussion and information on Hubbli Demo School's Parent Association initiatives & events.

Library

active 1 week, 6 days ago

Stay updated on author readings, new book arrivals and other library events.

Students of Class 101

active 2 weeks, 1 day ago

Assignments, homework help and class updates for students of Mrs. Sanbourne's Grade 8 class

Staff & Faculty

active 3 weeks, 3 days ago

Faculty communications

Groups

Easily organize your school community by classroom, grade, club, team, committee, administrative level, faculty, or any other grouping with Hubbli Groups.

It's simple to share (and update!) school-wide or group-specific announcements, polls, discussions, calendar events, online documents and more—and just as easy for parents, students, teachers and other school members to access them.

Create & customize unlimited groups and assign group admin or moderator abilities to individual teachers, staff, or parent volunteer leaders at your discretion, for better-directed, more efficient (and paperless!) communications.

Posts, Comments & Discussion

Increase awareness, promote guided discussion and cultivate parent engagement by posting information, announcements, assignments or any other communications inside Hubbli groups.

The familiar style & functionality of Hubbli Groups make discussions simple for even the least 'tech-y' teacher or school admin. Same goes for parents, students and any other school group member.

You won't be spending your time slogging through 'reply all' email threads or answering the same question over and over.

The Hubbli Groups comment feature allows group members to make comments and ask questions for the whole group to see—or turn off the comments capability and use groups to simply broadcast communications.

naomi posted an update in the group 🌈 PTA 9 minutes ago

Are there any suggestions for this weeks PTA meeting agenda?

Forms

Hubbli's Digital Forms let you create, distribute and receive all your student forms and teacher documentations from one convenient place.

It's simple to create and send out forms for registration, hot lunches, parental permission, school surveys, and any teacher reports that can be filled out on any device.

Lost forms are a thing of the past when all your school-wide and group-specific forms 'live' on your school's Hubbli site.

Events and Calendars

Every Hubbli group has it's own private calendar so that group admins can add events for that specific group of members.

There is also a site-wide calendar that shows events that are meant for everyone. But don't worry, they are all synced together so that when a parent views the site-wide calendar get a customized view that adds events for the groups they are a member of.

Events can be as simple as a due date for an assignment, or you can create a media rich event page with RSVP tracking or even sell tickets through the event page.

SMS Notifications

Our email notifications have a 99% delivery rate and that is pretty darn good, but it's not 100%. No matter what system they go through, the odd email will still get caught in spam folders or just get bounced for some reason or another.

To ensure your important notifications get delivered to your Hubbli site members you can choose to send group update notifications to their mobile phones as text messages.

This is ideal when you have important or urgent messages that **MUST** be delivered.

Student Information Pages

Hubbli student pages allow you to create private student information pages in your Hubbli site so your parents can keep up to date in real time.

This is perfect for grade-books, attendance, progress reports and documentations, or anything you want to track and share privately with parents and guardians.

It's also a great way for teachers and school administrators to keep track on student progress both individually, by class, or across the entire school.

December 30, 2014

9:30 am	10:00 am	10:30 am
11:00 am	11:30 am	12:00 pm
12:30 pm	1:00 pm	1:30 pm
2:00 pm	2:30 pm	3:00 pm
3:30 pm	4:00 pm	4:30 pm

Automated Appointments

Hubbli's automated appointments feature makes booking and managing parent teacher conferences super simple.

All you have to do is set the available times and Hubbli does the rest.

Parents self-book from the remaining available sessions and they get an automated email with an invitation and automatic reminders.

Fundraisers

Give your fundraisers legs and run more successful, even concurrent campaigns without inundating your parent body. It's easy to create & promote fundraisers of any size and scope to particular groups, the entire school or beyond!

Hubbli Fundraisers makes it incredibly simple to customize your campaign page with logos, images, video, fundraising goals, donor rewards and more. Direct your fundraiser to particular interest groups, school- or community-wide without managing multiple email lists and piles of paper!

A single click lets people share your fundraising campaign with grandparents, extended family and the wider community and the online payment option allows donors to contribute directly from the fundraising page—privately, conveniently and immediately.

Help Us Grow Our Library!

Our school is thrilled to announce expand our library!

Help us raise the funds to add a new reading area and five books to our library for the 2014/15 school year.
